Dear Parent/Carer

E-safety for children and young people - Thursday 14 March at 6pm

I am writing to invite you to a specifically tailored session for parents and carers on promoting E-safety for children and young people at Thursday 14 March from 6pm to 7.30pm. With technology moving rapidly, and children's use of it so different to that of the majority of their parents' generation, keeping up with them and more importantly knowing how to keep them safe is a worry to many. This session is designed for adults and hopefully will give practical tips so you may reassure yourself that your child's practice is safe.

We are hosting this event in conjunction with South West Grid for Learning and the speaker is excellent. The focus of E-safety sessions is on:

- An overview of the risks and benefits of technology
- Exploring the technologies young people use and the behaviours associated with them
- An understanding of Social Networking, online communications and gaming
- Strategies to reduce risk and increase resilience
- Practical resources, E-safety curriculum plans and links to additional organisations
- Access to award-winning self-review tools

It would greatly assist us in our planning of this event if you could indicate if you wish to attend by completing and returning the slip below. Thank you and we hope to see you then.

Yours faithfully

Heather Jenkins
Headteacher
