Manual Handling

Staff are to consider their own limitations when contemplating lifting or moving heavy or awkward items and must take in to account the limitations of each individual student when asking them to set out equipment or move or carry items.

There are a number of mechanical devices available to the site team, who have been trained in the safe methods of manual handling. Please seek their support if you think that the task is beyond your, or a student's, limitations.

1. In order to maximise student potential, we will be holding a number of revision classes during the Easter holiday for Key Stage 4 students. Students are expected to attend the full session and must arrive promptly at the start. Please see the details for these under notices. Thank you in advance to the staff who are running these.
2. Thank you to all staff and students who chose to pay their respects to Maisie, her family and friends last Wednesday before the funeral.
3. A reminder of last week's notice about the new lunchtime arrangements regarding where students are and are not allowed to be at lunchtimes. This applies in both wet and dry weather. Students are not to be in classrooms at lunchtime unless they are doing a club or a revision session. The new arrangements were explained to students in a whole school assembly last week and are now effective.
4. Good luck to the students who are taking part in the East Cornwall School Games on Thursday.
5. Advance notice that there will be a SMART school review on Tuesday 24 April.

6. Thank you to the staff who have used the IRIS Connect system. IRIS will be in the English department this week. This device and software will be used for videoing lessons for the purpose of staff development and school improvement.
7. The Academy breaks for the Easter holiday on Thursday and reopens on Monday 16 April. I wish everyone a very Happy Easter.
