

HEAD TEACHER'S BULLETIN Week beginning September 27th 2010

The main event last week was the School Open Evening. Staff and students put on numerous displays and showed prospective parents and their children around the school. Following this there will be an open day on Friday 1st October when the parents of Year 6 students can tour the school and see it at work.

Visitors to the school this week:

This week we have a visit from Ofsted inspector, Mr Daniel Towl, who is looking at the quality and impact of partnership provision in schools for service families. He will be in school on Monday and Tuesday, talking to students and parents about assessment data, educational provision and outcomes for students.

Teresa Copping (from County Hall) will be in school on Friday (1.00 – 2.00) to talk to Mr Damerell and Mrs Smith about a South East Cornwall wide schools prospectus, now that schools are sharing some courses for 14-19 year olds.
