Dear Parent/Guardian,

School transport during the closure of St Martins Hill

During the ongoing closure of St Martins Hill the school buses from the west of Looe will need to take a detour to transport your child(ren) to school.

This detour will be in place from after half-term, until such time as the works are completed.

In order to ensure on-time arrival we will be required to run the school transport some 10 minutes earlier than the current operating time.

Adjusted pick-up times for the Plymouth Citybus Service 72A are as follows;

Service 72A

Pelynt (Church)	-	0751
Tencreek, Looe Valley Touring Park	-	0756

As is the requirement for the standard timings, please ensure your child is at the stop 5 minutes prior to this adjusted time.

Yours sincerely

Passenger Transport Unit
