The Government has introduced a new accountability measure known as Progress 8. This measure aims to capture the progress a student makes from the end of primary school to the end of secondary school.

For the LCA 2015 results, this shows that our students progress by approximately 1/5 of a grade per subject more than would be expected.

For further details see our website.

Congratulations to the Class of 2015, with 15% of students gaining 11 or more A\* to C grades. Most students attained their personal targets and our value added score per student at 1022 points, measured against students of all abilities nationwide, puts us well above national average.
