29 March 2017

Dear Parent/Carer

### Visit to Cornwall College: St. Austell for Gifted & Talented Music Students - Recording Experience

As a gifted and talented student in music, your son or daughter has been offered a great musical opportunity to visit Cornwall College in order to work with the music department and professionally record a compilation album titled *'Future Stars of Looe'* on Thursday 30 March and Friday 31 March.

This opportunity is limited to only a few students and provides a fantastic chance to get an industry-standard recording of their hard work onto a CD, showcase their abilities, and also gives them evidence of their musicianship to include within their CVs.

Students will be travelling to Cornwall College: St. Austell on Thursday 30 March via the school minibus and will need to bring a packed lunch for the day. Students will also be returning to school in time for buses. Students need to be in full academy uniform for the day. On Friday 31 March, the College will be visiting the Music Department and students will be involved in workshops at the school throughout the day. Students will be missing some lessons on the Friday and are expected to catch up on any work missed.

Please complete the attached reply slip and parental consent form and return with your child in advance of the trip. I apologise for the short notice, we have tried to rearrange for a later date, in order to give more notice, but that has not been possible.

Yours faithfully

**Mr Stefan Richards**  
**Teacher of Music**
