<Address>

Dear <Parental Salutation>

### <Student Name and form>

We are delighted to be able to offer <student's name> a place on our literacy intervention programme, Lexia. This is an exciting and fun software program that provides the individualised, targeted practice students need to enhance their reading and spelling skills. Our school has implemented the Lexia Reading software program to support our core curriculum in reading. Your child will be prescribed a selected series of activities from Lexia Reading based on your son or daughter's individual reading and spelling needs. Students will spend three 20 minute sessions per week working on Lexia Reading:

Lexia Reading focuses on critical reading skills that have been identified by reading experts. Various levels of activities provide extensive practice in everything from very basic to advanced level reading and spelling skills (ages 4 – adult). As your son or daughter systematically progresses through the software, they will gain a sense of achievement, confidence and independence.

Lexia Reading has helped thousands of students across the UK to develop fundamental reading skills, in a fun and dynamic way. Our school is making the commitment to make this a part of your student's reading curriculum – please share in our excitement!

Should you have any questions or queries about the programme, please contact one of us in school.

We thank you in advance for your support in this venture.

Yours sincerely

Mrs Casson  
**Acting Deputy Headteacher**

Mrs K Chapman  
**Achievement Advocate – Literacy and SEN**
